## Cluedunnit Clue Hunt

From Tall Tales Mysteries

One of my shady suspects has stolen a  
precious gem from the gift shop in  
Little Puzzling. Can you work out from  
the clues who the thief is?

Place the clues around your venue or  
setting or even your garden and send  
the children off with a booklet each to  
see if they can work out who the thief  
is.

You have three different sets of clues  
for three different games and you can  
always create your own clues or even  
get the children to create clues for  
you!
