

Murder at the Murder Mystery Party Activity Booklet

I recommend you print this booklet on both sides of A4 paper. Choose to print on both sides and flip on the short edge to print as a booklet.

There's no need to print the whole Case File as I've given you the option to print out each activity and our suspect sheets for your notes.

Spot the difference

Can you spot all ten differences between the two pictures?

Cluedunnit

Let's have a little game of Cluedunnit and see if you can use your detective skills to work out which suspect we're looking for to question next. Look at the description below, cross out the suspects that don't match and let's see who we're going to speak to next!

1. The witness does not have a hat
2. The witness does not have blonde hair
3. The witness is a man
4. The witness has something in their pocket
5. The witness does have facial hair (a beard or a moustache)
7. The witness is wearing a tie

Nine letter word

In the grid opposite there is a nine letter word.

Can you work out what the word is?

Clue: What do you call more than one mystery?

How many other words can you make out of the letters? You can use as many or as few letters as you like.

Then take a look at the following pages to see how well you've done.

Coded message

A coded message will give you a little more evidence in the case.

Can you work out what this message says using the code on the opposite page?
